

Rockwell Part

Rockwell Part - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and parts together with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to exceed and meet their customers' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that encourages the highest integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever comments or questions, since they are happy to share and promote this policy with a greater understanding of their efforts. They are very dedicated to improving and preserving the environment. AxleTech has an EHS program which not just protects the environment but which even actively protects their staff and neighbors also.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, which can include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech specially designs axles to meet certain application demands. They have more than one thousand different axle specs within their present offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in various commercial and military applications. They provide complete axle assemblies used for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have extra details which can be seen in the "ISAS" product collection.
